

Trouble Shooting Data Sheet

Braden / Starter Head

Company: _____	Country: _____
Address: _____	Field: _____
_____	Well: _____
_____	Platform: _____
	Date: _____
Contact Name: _____	Telephone: _____
Email: _____	Mobile: _____

Please complete as much of this form as possible with accurate information for each leak site.

1 Platform Type & Water Depth:	_____
2 Well Type (Production/Injection/Storage/P&A):	_____
3 Production/Injection Rate (Oil/Water/Gas/H2S/CO2):	_____
4 Tubing Pressure (Flowing /Shut-In):	_____
5 Wellhead Temperature (Flowing/Shut-in):	_____
6 Annulus Inner Casing Size/Weight/Grade/Threads:	_____
7 Annulus Outer Casing(s) Size/Weight/Grade/Threads:	_____
8 Annulus Top of Cement Depth:	_____
9 Annulus Fluid Type & Weight Above Cement:	_____
10 Annulus Cement Bond Log Performed (Provide Info):	_____
11 Annulus Casing Shoe Leak Off Test Information:	_____
12 Annulus Pressure (Present & Maximum Observed):	_____
13 Annulus Pressure Bleed Off Rate (Provide Charts):	_____
14 Annulus Bleed Off Pressure When Fluid Recovered:	_____
15 Annulus Type Fluid Recovered (Mud/Oil/Brine/Water):	_____
16 Annulus Pressure Build Up Rate (Provide Charts):	_____
17 Adjacent Inner Annulus Pressure (Normal/Leaking):	_____
18 Annulus Inner Casing Hanger Tested (Yes/No):	_____
19 Communication Observed Between Annuli (Yes/No):	_____
20 Communication Observed to Conductor (Yes/No):	_____
21 Annulus Maximum Allowable Injection Pressure:	_____
22 Annulus Fluid Injection Rate & Pressure (If Available):	_____
23 Wellbore Schematic and Wellhead Schematic:	Please Attach
24 Background Information:	Please Attach
